

The cake consultation is a personalized cake tasting which allows you address all questions and details regarding your cake design, pricing, payment, and delivery. During the cake consultation, you will sample flavors of cake that I have available for you to taste. There is no fee for this consultation. If you would like to request certain flavors and fillings for your tasting there will be a fee of \$40 and you may request up to 4 flavors of cakes and 4 fillings. Please list those flavors in the area provided below. These flavors must be provided no later than 2 weeks prior to the scheduled consultation.

Your cake estimate will be provided shortly after your cake consultation. Wedding contracts and deposits must be received 60 days prior to your wedding date. Any agreement inside of 30 days is subject to a 20% rush order fee.

A non-refundable deposit of \$100 is required when booking a wedding cake. This reserves my services for the date and time of your wedding cake order. Please cancel your tasting if you're unable to make your appointment. I can't wait to bake for you!
